MEMORANDUM FOR STELLARXPLORERS VIII

FROM: StellarXplorers Program Staff

SUBJECT: INSTRUCTIONS FOR ACCESSING TEXTBOOKS DURING STLX VIII

1. Summary. Each team will have access to one textbook each for the STLX VIII season. **Once a team director is verified**, team directors may receive the login information for textbooks. In the past, team directors could receive a personal, permanent license to the *Understanding Space* textbook. Our policy for STLX VIII is that each team receives their own textbook that is loaned by the StellarXplorers Program Office for the competition season.

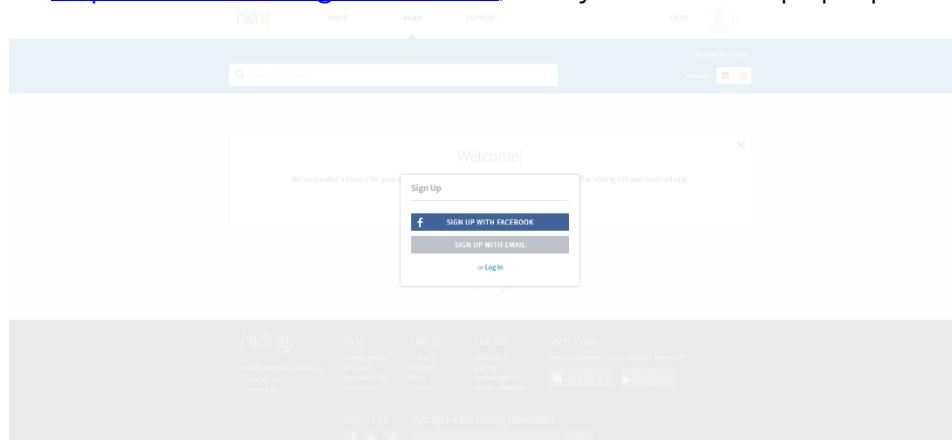

(a) Important notes. When logging into the textbook access website (<https://www.inkling.com/read/>), only one device may be logged in at a time. If another device is logged in, then the website will give an error. Our recommendation is that students log out of the textbook every time to prevent the error from occurring.

2. Instructions. Here are the steps for accessing the *Understanding Space* textbook:

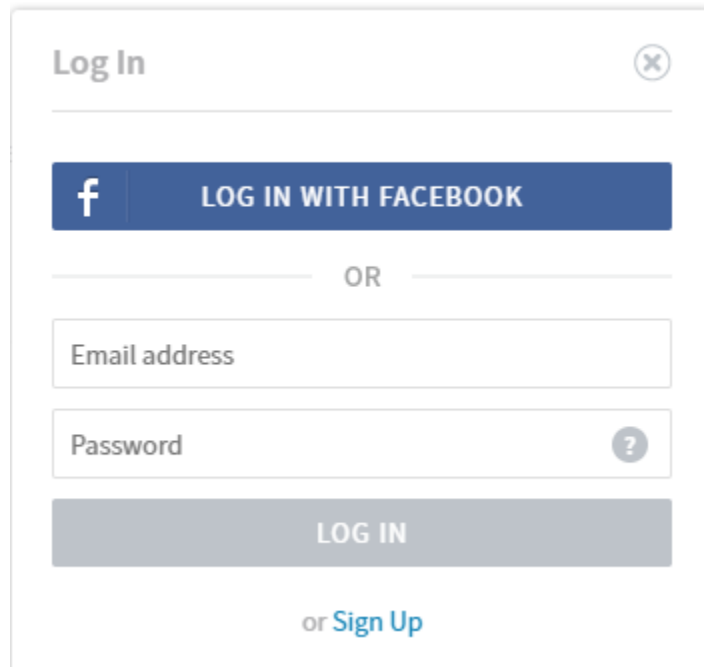

(a) Receive login information from competition@stellarxplorers.org that contains a unique username and password to each team.

Username example: stlx123@afa.org Password example: StlxSamplePass321

(b) Open <https://www.inkling.com/read/>, and you will see a pop-up.

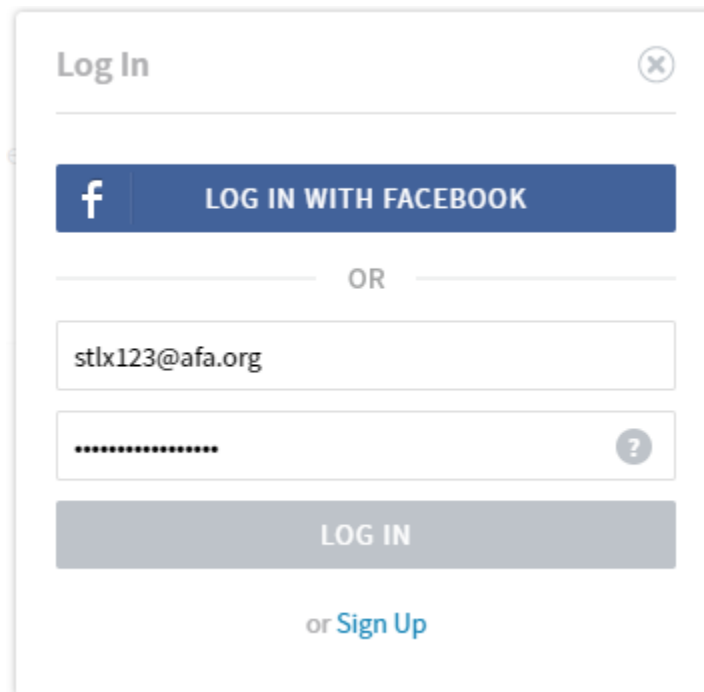

(c) Select "Log In". The screen below will display.

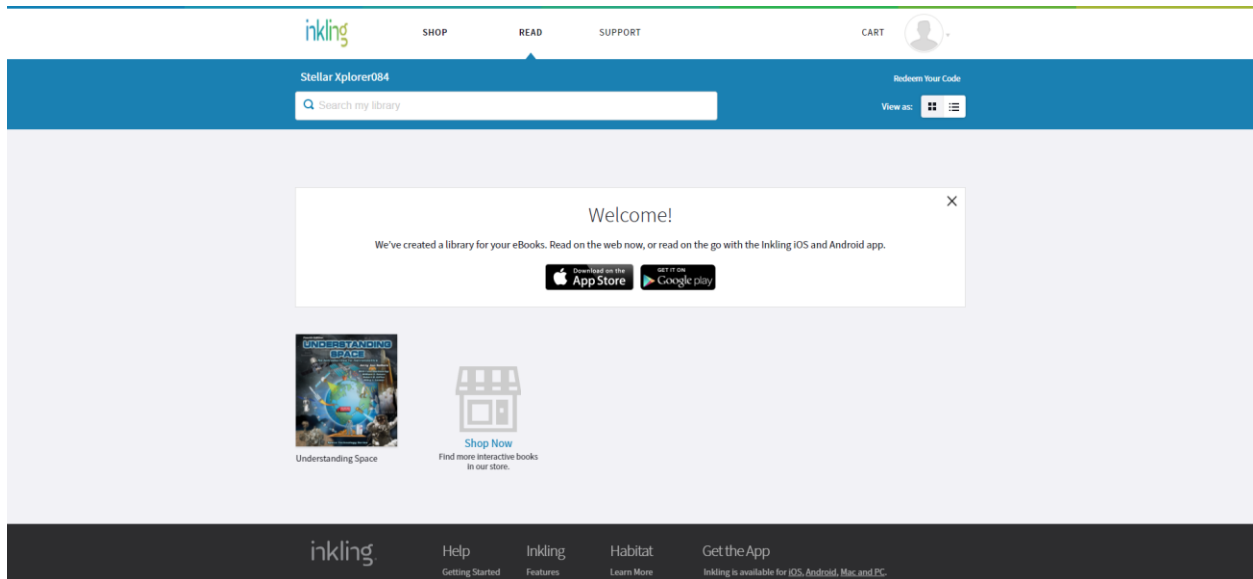

The screenshot shows a "Log In" dialog box with a close button (X) in the top right corner. Below the title, there is a blue button with a white Facebook 'f' icon and the text "LOG IN WITH FACEBOOK". Below this button is the word "OR" centered between two horizontal lines. Underneath are two input fields: the first is labeled "Email address" and is empty; the second is labeled "Password" and is also empty, with a question mark icon in its top right corner. At the bottom of the form is a grey button labeled "LOG IN" and a link that says "or Sign Up" in blue text.

(d) Type the assigned email address and password in the Log In section.

This screenshot shows the same "Log In" dialog box as in the previous image, but now the input fields are filled. The "Email address" field contains the text "stlx123@afa.org". The "Password" field contains a series of ten black dots to mask the password, and the question mark icon remains in the top right corner. The "LOG IN" button and the "or Sign Up" link are still visible at the bottom.

(e) Upon successful login, you will see the screen below.

(f) Click on the Understanding Space textbook, and you will see the textbook displayed. Now your team may begin preparing for the academic portion of the StellarXplorers National Space Design Competition! Good luck!

3. Contact information. If you have any questions or difficulties accessing the textbook, please reach out to our team at competition@stellaxplorers.org
